

AMENDMENTS TO THE SPECIFICATION

Please amend the specification by inserting the following new paragraph at page 1.

Cross-Reference To Related Application

B1
This application is a continuation-in-part of U.S. Application,
Serial No. 09/202,387, PCT filing September 15, 1998, now U.S.
6,384,011 B1, granted May 7, 2002.

Pursuant to 37 CFR 1.121, effective 7/30/03, please amend the **Abstract**, as originally presented in the PCT filing, by canceling all lines, as follows.

~~Detergent compositions and fabric conditioning compositions which include from about 0.01% to about 5.0%, by weight of a fabric enhancing component selected from the group consisting of cyclic amine based polymers, oligomers or copolymers, hydrophobically modified cellulosic based polymers or oligomers, and mixtures thereof. A container for such compositions comprising fabric enhancing compositions is also provided.~~

A copy of a replacement Abstract is presented herewith on a separate sheet, pursuant to 37 CFR 1.72 (b).
